

**NOTICE OF PUBLIC SCOPING MEETINGS  
FOR BLM COTTONWOOD**

**RESOURCE MANAGEMENT PLAN AND ENVIRONMENTAL IMPACT STATEMENT**

The Bureau of Land Management (BLM) Cottonwood Field Office invites you to participate in the preparation of a Resource Management Plan (RMP) and environmental impact statement (EIS) for the 144,430 acres of BLM-managed public lands in Latah, Clearwater, Nez Perce, Lewis, Idaho, and Adams counties. The RMP will provide broad multiple-use guidance for managing public land for the next 15 to 20 years. The EIS will assess the environmental, social, and economic impacts of such management.

BLM will host three open houses to share information about the planning process and solicit public input on resource and management issues that should be considered in the RMP/EIS.

**For more information, please visit the project website at [www.cottonwoodrmp.com](http://www.cottonwoodrmp.com).**
